Professional experience

Head of IT Strategy

Copenhagen, Denmark

Maersk Line

2013-present

As Head of IT Strategy in Maersk Line, I facilitate the development of the strategies and roadmaps for the Maersk Line IT leadership team; own the Maersk Line IT strategy roadmap and scorecard; drive the strategy process and lead the follow up and execution tracking across the organisation.

Principal Consultant

Hellerup, Denmark

PA Consulting Group

2012-2013

I worked as management consultant in outsource management and strategy for Danish clients in finance, education and transportation sectors.

Head of Strategy and Process Management

Copenhagen, Denmark

Maersk Line IT

2008-2012

As Head of Strategy and Process Management within Maersk Line IT, Supply and Cost Management, I was responsible for setting the strategic directions for sourcing of IT services and products in Maersk Line to ensure alignment to Maersk Line's business vision and strategy. I was also responsible for the team managing Maersk Line's IT sourcing and procurement processes in our global IT organisation located in Copenhagen, London and Mumbai.

Advisory Project Manager / Business Operations Manager

Copenhagen Region, Denmark

IBM Danmark A/S

2004-2008

Following IBM's acquisition of Maersk Data, I held various roles in service delivery management and executive support.

Chief Consultant

Copenhagen, Denmark

Mærsk Data A/S

2001-2004

Various management roles servicing Maersk container businesses as well as strategic projects for Maersk Data's senior management.

IT Specialist

Lyngby, Denmark

IBM Danmark A/S

1999-2001

Nordic product specialist on analytical data processing and decision support in systems management projects

Shipping trainee / assistant

Denmark, Ghana, Norway

A.P.Møller

1994-1999

I completed the Maersk International Shipping Education (MISE) and held various shipping, logistics and IT roles.

Education

Master in Business Administration (MBA)

Coventry, UK

Warwick University

2006-2011

MBA with distinction from Warwick Business School. Direction of study focused on IT strategy management, corporate financial management and decision science with elective topics in Information Systems Strategy, Business Decisions & Efficiency Analysis, Management of Change, Corporate Finance, and Entrepreneurship & New Venture Creation.
